

Remember what Jim Abercrombie told us?

Remember what Jim Abercrombie told us?

General Manager Jim Abercrombie's February 3, 2012 Proposition 218 Notice said our 2012 monthly bill changes would be as follows:

EID PROPOSITION 218 NOTICE

What are the proposed monthly changes?

The proposed 2012 bill changes for the average consumption for Single Family Residential customers with medium-volume use are as follows: **water and wastewater—\$2.38 per month increase; water/wastewater/recycled (dual-plumbed)—\$1.55 per month decrease; wastewater—\$3.70 per month decrease; water—\$6.08 per month increase.** Please refer to the tables contained in this notice.

<http://www.eid.org/modules/showdocument.aspx?documentid=2286>

Look at your EID bills since the new rates became effective in April. How is what General Manager Abercrombie told us working out for everyone?

General Manager Abercrombie tells us he has saved tens of millions of dollars for ratepayers*. He told us our monthly bills are going up just \$2.38 monthly.

But, General Manager Abercrombie didn't tell us we would need to use **10% LESS water** to make his **\$2.38 monthly bill increase** prediction. And, somehow he failed to make clear water bills are going up another 11% in 2013, another 11% in 2014, and another 5% (or more) in 2015.

General Manager Abercrombie hasn't told us the truth, the whole truth, and nothing but the truth.

Instead General Manager Abercrombie keeps making savings claims* that invariably prove to be a mirage while continuing on with his very real \$15 million annual deficit spending.

*see the following links for some of General Manager Abercrombie's savings claims:
