## **El Dorado water district has money issues**

**By Letters to the Editor - Sacramento Bee**

July 27, 2013

EDITOR:

The El Dorado Irrigation District recently released its audited financial report for 2012. It reveals a net loss of \$10.8 million officially, but excluded a \$4 million increase in unfunded pensions. Ratepayers will have a chance to weigh in on this in November when two board seats are up for election.
